Welcome to Kroenen's new home... Hey hey hey.... well this is my newb home, for now at least. Nicely hosted at [www.3rdpower.net](http://www.3rdpower.net). Well i know there is myspace, blogger, facebook and the rest but you know its not really your own place. I checked out these but thought i would make my own place. With all the same templates and all the same gagets... there well all the same. I dunno so i put this lil place together. I know i know... i cant have a million "friends" who say "Hi add me" so it looks like i'm popular, i cant like my site to other random blogs that have my fav play list and my fav good time fun photos but hey fuck being another www drone. I don't really have anything exciting to offer... i don't have give aways... i don't have exclusives... or any real hook or ploy just my spam, my thoughts, my opinions and other things i think are interesting or not. Stay or go visit or don't well still be here... Well a toast to my new site, so raise your glass and in the words of a old friend... Cheers! Big Ears! Pap Smears! Buccaneers! No Fucking Fears!
